- Telecom Towers and Masts

- Rigging of Towers and Masts
- Maintenance of Telecom Structures (Towers, Masts, Radios)
- Installation & Commissioning of telecom systems
- Enterprise Solutions setup and support

Betach Integrated Services

Betach

Radio Frequency (RF) Services

- RF Drive Testing
- Network Planning & Optimization
- Coverage & Quality Assurance
- Services for mobile and fixed wireless networks

Betach Integrated Services

Betach

Microwave Radio Transmission Planning Services

- Microwave Line of Sight Surveys & Network Auditing
- Microwave Radio High Level & Low Level
- Microwave Radio Network Optimization
- Microwave Network Setup for new Telecoms Operators from end to end

Betach Integrated Services

DEVELOPMENT

Information & Communication Technology (ICT) Supply

- Procurement and distribution of ICT hardware including:
 - Laptops and Accessories
 - Network Equipment
 - Peripherals and Supporting Infrastructure

Betach Integrated Services

Internet of Things (IoT) and Smart Solutions

We offer innovative IoT-based systems tailored for:

- Industrial Applications:
- Remote Monitoring of Oil Wellheads
- SCADA Integration for Process Automation

- Residential & Estate Solutions:
- Smart Energy Management
- Security and Access Control
- Smart Environmental Monitoring

Why US

At Betach Integrated Services, our commitment to industry leadership and innovation drives our success and sets us apart in sectors. We continually push the boundaries of technology and operational excellence to deliver superior solutions. Here's how we lead and foster innovation:

Innovation-Driven: Smart, scalable, and future-ready solutions

Integrated Solutions: One-stop-shop for telecom, ICT, and IoT services

Technical Expertise: Experienced professionals with deep industry knowledge

Reliability: Quality delivery with a focus on long-term partnerships

Customer-Centric: Customized services designed to meet client-specific goals

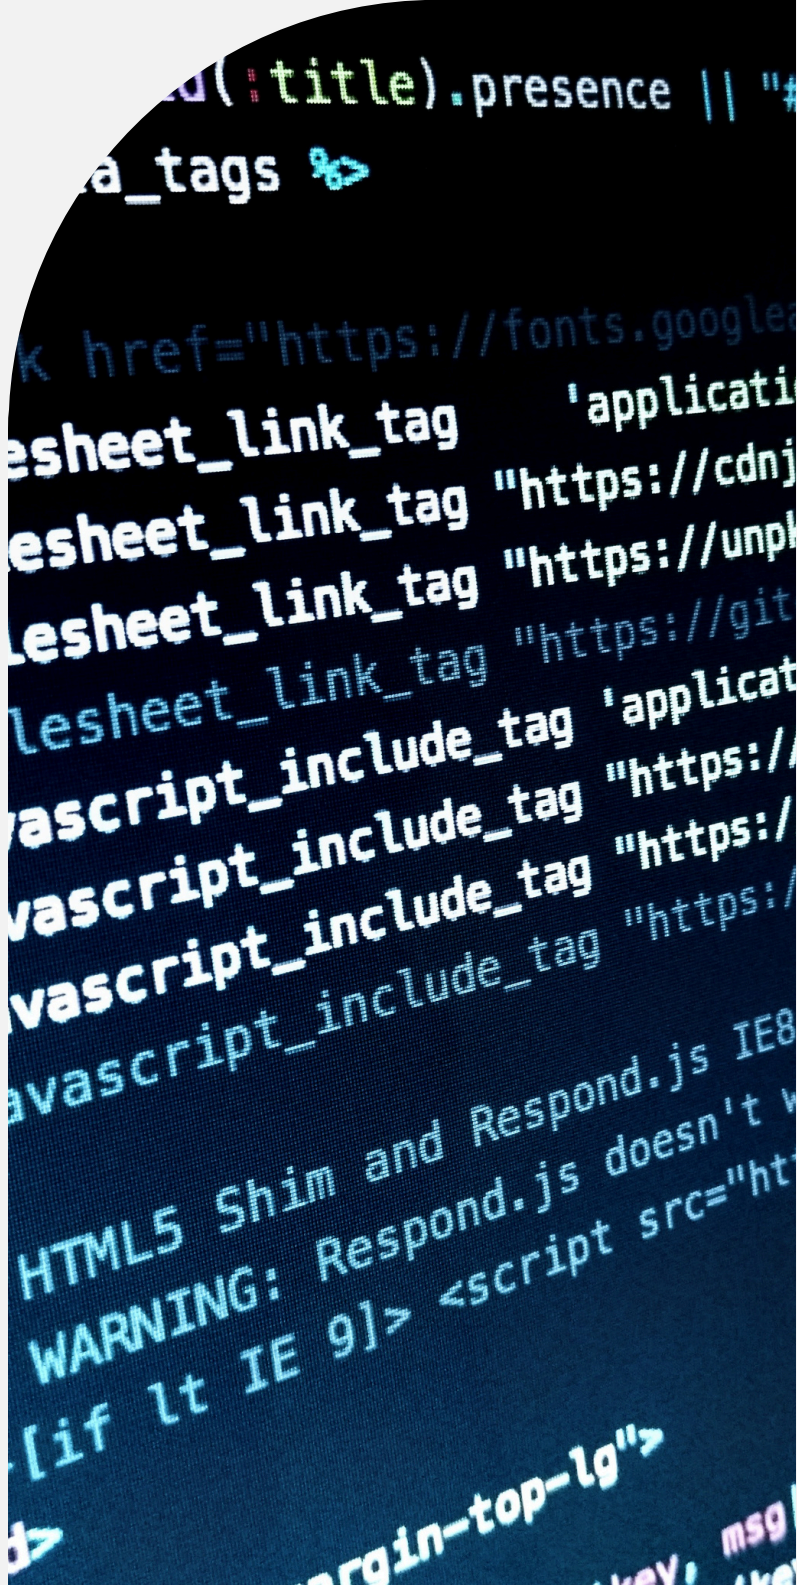

Our Clients & Target Markets

- Telecommunication Operators (e.g., MTN, Moov, Orange, Safaricom, Airtel)
- Internet Service Providers (ISPs)
- Enterprises & Corporate Clients
- Industrial Firms (Oil & Gas, Manufacturing, Utilities)
- Real Estate Developers & Residential Estates
- Government and Public Sector Institutions
